

KHALIPHA NOVAZI

SOFTWARE ENGINEERING GRADUATE CANDIDATE

I am a final-year BSc Information Technology student specializing in Software Engineering at Eduvos, on track to graduate in December 2026. I enjoy combining logical problem-solving with thoughtful design to build digital products that are useful, secure and intuitive. I am seeking an internship or graduate opportunity where I can contribute, learn from experienced developers and grow into a well-rounded software engineer.

EDUCATION

BSc Information Technology (Software Engineering) | 2024 - 2026

Eduvos, Bloemfontein

Final year, NQF Level 7. Current study includes Enterprise Programming in C#, Web Development and e-Commerce, Object-Oriented Systems Analysis and Design, Operating Systems, and a Mobile Application and Web Services project.

Higher Certificate: Mobile Applications & Web Development | 2022

Varsity College

Coursework in web and mobile development, app scripting, UI/UX design principles and Work Integrated Learning.

National Senior Certificate | 2021

Lantern School

Relevant exposure included Computer Applications Technology and Business Studies.

ACADEMIC HIGHLIGHTS

- 87% - Data Structures and Algorithms in C#
- 89% - Procedural Programming
- 75% - AI Ethics and Privacy
- 74% - Database Systems
- 69% - Software and Security Engineering

TECHNICAL FOUNDATION

Development

C#, Java, JavaScript, Kotlin, C++, PHP, HTML and CSS

Software & data

Data structures and algorithms, object-oriented analysis, software architecture, quality assurance, SQL, MySQL, MongoDB and database systems

Design & platforms

Usability engineering, UI/UX principles, Android Studio, Linux basics, cloud technology fundamentals and Microsoft Office

WHAT I BRING

- A strong learning mindset supported by strong academic performance in programming and algorithms.
- An interest in both the technical and human sides of software, from secure code to intuitive user experiences.
- A creative perspective shaped by design, painting, and crafting, alongside structured analytical training.

LinkedIn: khalipha-novazi

CORE TOOLKIT

- C#
- Java
- JavaScript
- HTML & CSS
- SQL & MySQL
- MongoDB
- Kotlin
- PHP
- C++

FOCUS AREAS

- Front-end development
- C# back-end development
- UX/UI design
- Java mobile applications

BEYOND CODE

Design | Painting | Crafting

Dancing | Board games
